### Discover Montalcino area highlights travelling through Tuscany's backroads with a Land Rover Defender.

This is probably the most fascinating and exciting way to appreciate fully this land, going through hidden roads and shortcuts of rare beauty, across vineyards, olive groves and deep into the woods, each place offering breathtaking views. You will stop at different local wineries, discovering their story, tradition and authentic reality but also their wine production philosophy. You will be able to appreciate not only the natural beauty of the surrounding, but also some of the most prestigious wines of Tuscany, and especially the Brunello di Montalcino, produced only here.
